OUR STORY

- ▶ After realizing the plight of our community members where most of us have been raised in the slums of Nairobi and by Gods grace got an education, we decided to do something to help the most vulnerable amongst us and in 2016 we came together as a group of 4 initially after we couldn't get any jobs even after graduating, then officially registered in 2019 as a community organization{see cert attached}.
- ▶ So we started offering free counselling services and empowerment speeches to the youths, it quickly grew to the girls, women, men
- ▶ and people living with disabilities aswell seeking our help. We discovered a trend of many broken families.
- ▶ We started program in partnership with communities in reaching them out and training them in different trainings and teachings in Gender ideology and life issues choosing life, sexual purity and the dangers of youths engaging in ponorgraphy, training men leaders mainly on the importance of pursuing purity more especially training the youths and teen mothers in the communities through imitating our Lord Jesus christ which helped a lot however many men,youths and the teens including those that have droped out from schools cannot access this online trainings on a weekly basis hence the need of more resources financial support and materials to help train and create a good lasting relationship with this ones in the community to create an impact in there lifes by equipping them and training them across the nation of kenya and East Africa

SEEKING FOR PARTNERSHIP

As a youth leader who has been so influential in reaching out many youths in the slums of Kibera, Mathare, Kawangware, Kangemi, Korogocho we have a lot of slums in Nairobi and this is where we are led by God to see how we can impact and transform the lives of many youths majority are into drugs and they are under influence of drug substance and this is our mandate to reach out to them and train them to be responsible and accountable by living according to Christ. We need to impact many and remember they are the generation of tomorrow and we need to raise them in God's ways.

- ▶ We believe in God created them in his own image and so we want to be frequently and periodically help to train them in gender ideology as we have always been doing this in different communities and schools to train and equip them, so we need materials also offer them education and be able to offer food for these families and train them in business skills according to their potentials and God-given abilities.
- ▶ We are targeting to equip all youths across Kenya and Uganda so we need to train the trainers of trainers who will be able to train others in schools and communities across East Africa. We need a fraternity of your community brother Antonio to help support this noble cause. We also appreciate the famiglia family for the continued support and help for the past 7 months that has really helped us in reaching out to families and communities in offering food and materials for these trainings to be necessary and a success. We are proposing to you Brother Antonio that if we can get a basket created specifically for training and equipping many in these communities and share love of Jesus and Mary by offering food for six months to families in need and train them to save to be able to do business to sustain their families and be able to support other families.
- ▶ We are an independent community organization led by the six of us with specific emphasis on different departments shown in brackets namely Xavier Mpanga {group leader/Chairperson} Phyllis Mukasa {M/S information Science, Director} Geoffrey Walimbwa {Group Treasurer} Board member) Lawrence Mashati {Group Secretary General.
